

Spiritual Emergency: Embracing Unexpected Transformation

A six-day intensive course in Holotropic
Breathwork with Diana Medina

12th -17th June 2016 East Coast Central, Tasmania, Australia
A Grof Transpersonal Training Module

Understanding Spiritual Emergency is one of the major contributions of the Holotropic perspective. Whether you are a professional or a layperson, someone interested in working with people working in transformational crises, or primarily in your own growth, the module offers rich experience and valuable information. In addition to differentiating between psychosis and spiritual emergency, we'll also explore the intensely practical aspects of who, in these kinds of crises, can benefit from Holotropic Breathwork and how best to work with them in their emergencies. This workshop includes a discussion of the concept of spiritual emergency, its manifestations and forms, historical and anthropological perspectives, treatment strategies and work with family and friends.

This six-day workshop includes **four Holotropic Breathwork sessions**, as well as art, music, group and integration work.

Participants will have the opportunity to experience Holotropic Breathwork, a powerful approach to self-exploration, transformation, and healing that combines breathing, evocative music, and release work to explore the deeper dimensions of the psyche. This workshop will be useful to both laypersons and professionals seeking a more authentic and fulfilling lifestyle, and/or a wellness perspective on mental health.

This will be a very experiential workshop. Besides the breathwork itself, all of the teaching is geared so that participants can have a direct experience of their own journey. We will work with music, film, and ritual practice to engage the holotropic principles in a very personal, embodied way.

No prior Holotropic Breathwork experience is needed to attend this event. It is not necessary to be in the training program to attend and those new to Holotropic Breathwork are welcome; the workshop is open to anyone interested in the topic and in doing their own deep inner work. For those in, or interested in, the practitioner training, this workshop counts as a mandatory module toward certification and may be applied retroactively for those who do decide to enter the training program for certification in Holotropic Breathwork.

The Workshop:

The workshop is a full time, live-in intensive, designed for anyone with a deep interest in Holotropic Breathwork and Transpersonal Psychology. It may be credited towards the seven modules in the Grof training program for certification as a Holotropic Breathwork Practitioner. This is also a valuable experience for those people who do not wish to become a practitioner. Included in the module will be a combination of personal experience with Holotropic Breathwork, facilitation of others on a one to one basis, group sharing and other experiential practices.

Please Note: Contraindications for Holotropic Breathwork are pregnancy, heart disease and other cardiovascular problems, epilepsy, glaucoma, or a history of severe emotional disorder or hospitalisation.

Diana Medina has been an integral part of the Grof Transpersonal Training staff since 1999. She began her adventure with Holotropic Breathwork in 1993, and certified as a facilitator in 1998. Since that time, Diana has offered workshops in Colorado, New Mexico, and India. She has worked with Stan Grof and Tav Sparks in the training in the U.S., Spain, Ireland, South America and Mexico. She is a resident of southern Colorado and has practiced as a physician assistant in pediatrics since 1986. "It has been a great pleasure being part of the GTT staff and an honor to be a witness and support to people from all over the world in their adventure of self-discovery".
